State Senate Passes Bill To Hike Driving Age to 15; Night Session Held

BOISE, Feb. 2 (AP)—The Idaho senate, prolonged by a filibuster, concluded a marathon session last night after voting narrowly to boost the minimum legal driving age from 14 to 15. The measure was approved by a 23 to 21 vote, but Sen. R. H. Young, Jr., R. Canyon, served notice he might seek reconsideration of the vote. The session ended at 8 p.m. The drivers license measure says 15-year-olds may be licensed if they complete a driver course approved by the commissioner of law enforcement. The filibuster was imposed by Democrats irked at the Republican majority's refusal to report out of committee the bill repealing the \$10 "head tax."

The bill originated in the house and was passed by that branch by a much larger majority than it was approved by in the senate. The action on the driver's licensing bill by the senate sends the measure to Gov. Robert E. Smylie. The latter recommended that the driver's licensing age limit be increased from 14 to 16 in his "get tough" message on traffic safety, and has already said the provision permitting 15-year-olds to be licensed upon completion of approved driver training "is a satisfactory compromise."

The slim 23 to 21 vote, taken after lengthy debate came with senators crossing party lines to vote for and against the measure. Seventeen Republicans were joined by six Democrats in voting for the measure. Six Republicans and 15 Democrats voted against.

Meanwhile, Sen. K. C. Barlow, R. Cassia, chairman of the joint senate-house finance-appropriations committee, announced his group had agreed on an appropriation of \$3 million dollars as the state's share of the public school program in the two years beginning next July 1.

The total is one million dollars more than recommended by Gov. Robert E. Smylie and Barlow said other proposals of the governor had been reduced by an equal amount, to leave the total general fund operating budget at \$8.1 million dollars.

Barlow said \$800,000 of the reduction was made in recommendations for higher education and \$200,000 was trimmed from the proposed \$400,000 appropriation for the Territorial Centennial commission.

Principal spokesman for the driver increase bill was Sen. Watt E. Prather, R., Boundary. Before the debate was finished 20 senators had spoken—10 for and nine against passage of the bill.

On the original roll call the vote was 23 to 21. Sen. Jack Murphy, R., Lincoln, and Sen. Vincent A. R. Gem, changed their votes from no to yes and Sen. Cy Young, D., Fremont, shifted from no to making it 24 to 20. Finally, before the results were announced shifted back to no, making it 23 to 21.

There was as much discussion on the driver training program as there was on increasing the age limit. Many Democrats said the

Passengers Taken Off Pirated Portuguese Ship; Some Are Ill

RECIFE, Brazil, Feb. 2 (UPI)—The hijacked Portuguese liner Santa Maria pulled into the port of Recife today, and began landing the exhausted passengers who had been held captive 12 days. Two ocean-going Brazilian tugs moved alongside the 20,000-ton liner and a stream of doctors and medical authorities went aboard to check

The first passengers boarded the tugs for transfer to shore where Red Cross ambulances waited to take the more seriously ill to hospitals. Buses were on hand to take the other passengers into the town.

The passengers had been held captive by Capt. Henrique Galvao who seized the ship on Jan. 22 in a revolt against the government of Portugal.

Douglas Patton, Boulder City, Nev., one of the 42 Americans aboard, reported minor disturbances as the landing approached. He said members of the captive crew beat up one Galvao guard.

Some of the 350 Portuguese crewmen aboard tried to get ashore before Galvao relented and decided finally to land the passengers. Some talked of diving overboard and swimming to land when Galvao dropped anchor three miles out to sea yesterday.

Brazilian health officers who went aboard to check the 620 passengers found many of them weak. They were the penniless Spaniard immigrants being returned steerage class to Spain at government expense.

When Gov. Robert E. Smylie, board chairman interrupted Benson, the attorney general shouted: "Will you let me finish, governor?" Smylie replied: "Will you keep your voice down or I'll dismiss you."

"I'm dismissed," Benson said, then added quickly, "No I'm not." Smylie is a Republican; other members of the board are Democrats.

Discord Marks Idaho Land Board Meet

BOISE, Feb. 2 (AP)—The Idaho board refused yesterday to delay negotiations with the federal government on a tract of Elmore county land despite assertions by Attorney General Frank L. Benson that "the governor doesn't want me to investigate."

The board told John G. Walters, state land commissioner, to determine what he regarded as a fair settlement and submit it to the board at another meeting within the next few days.

Benson attempted to delay consideration until the board's next regular meeting but his motion to postpone consideration failed to get a second.

When Gov. Robert E. Smylie, board chairman interrupted Benson, the attorney general shouted:

"Will you let me finish, governor?" Smylie replied: "Will you keep your voice down or I'll dismiss you."

"I'm dismissed," Benson said, then added quickly, "No I'm not."

Smylie is a Republican; other members of the board are Democrats.

Reopened

Repeated discord between Benson and other board members marked the session of more than two hours, with a prolonged discussion developing over the attorney general's attempts to get the board to endorse a proposal for employment of a full-time attorney for the land and forestry departments.

The law amendment was passed as an emergency measure by the current legislature and was signed by the governor.

"Persons who, since July 1, 1960, have received all of the benefits to which they are entitled and are still unemployed, will be eligible to receive an additional five to 13 weeks of benefit payments," Garret said.

He added notices will be sent to the 1,387 claimants who have thus far exhausted their rights.

He was examined by a local physician, then taken to the hospital. Investigation into the incident is still under way, police report.

Jobless Benefits Rules Explained

BOISE, Feb. 2 (UPI)—H. Fred Garret, executive director of the Idaho employment security agency, told Gov. Robert E. Smylie today that a computation has just been completed of the factors required by the amendment to the employment security law.

The law amendment was passed as an emergency measure by the current legislature and was signed by the governor.

Child's Back Is Hurt When He Jumps Into Pit

Jerry Stom, 10-year-old son of Mr. and Mrs. Vincent Stom, 170 Wissman Avenue, Twin Falls, injured his back when he jumped into a sand jumping pit at Harrison school during the 11 a.m. recess Thursday.

The boy was taken to Magic Valley Memorial Hospital where X-rays were taken to determine extent of his injuries.

The boy was playing by himself at the time of the accident, stated Beulah Way, school principal. He ran and jumped into the pit, "then just lay there," she said. A teacher standing nearby said the boy stated he felt something snap when he fell.

NEWS BULLETINS

LOS ANGELES, Feb. 2 (UPI)—An ex-convict, Leslie Warren Rolin, 27, arrested on skid row with a shoebox containing untold thousands of dollars worth of stocks and securities told police today oil magnate John W. Hancock gave him the valuables as security for a \$135 poker game loss.

UNITED NATIONS, N. Y., Feb. 2 (UPI)—India appealed to the major powers today to work out a program to pacify and stabilize the Congo. Secretary-General Dag Hammarskjold's proposal for U. N. action to take the divided Congolese army out of the country's political control was adopted.

"I am delighted to be assigned to the agriculture committee," he said, "because the legislation it considers is so vital to our nation as well as the state I represent."

Rules Broken

OAKLAND, Calif., Feb. 2 (UPI)—The civil aeronautics board was told yesterday that a California State Polytechnic college chartered airplane was violating the book about every other rule in the book just before it crashed, killing 22 persons.

The victim, Lois Alma Harden, was the 13-year-old daughter of Mr. and Mrs. Albert Harden, children.

Girl, 13, Killed In Ski Accident

SWAN VALLEY, Feb. 2 (UPI)—A young girl was killed in a skiing accident yesterday afternoon at the Pine Basin resort northeast of this east Idaho community.

Dr. David Smith, Bonneville county coroner, said the girl's parents told him her clothing got tangled in a ski tow. He said she apparently died of strangulation.

The victim, Lois Alma Harden,

was the 13-year-old daughter of Mr. and Mrs. Albert Harden, children.

BOWIE, Md., Feb. 2 (UPI)—At least seven persons were killed and 50 injured today when three coaches and two diesel engines of a Pennsylvania railroad special train were derailed and overturned en route from Philadelphia to the Bowie race track, the Maryland state police reported.

Treasure Seized

HAVANA, Feb. 2 (UPI)—Cuban government agents today seized a fortune in gold, silver and art treasures from the silver of Spanish Countess Revilla de Camargo.

The countess, a Cuban widow, was alleged to have "abandoned" her palatial two-story mansion on Havana's outskirts. Actually, she is undergoing medical treatment in the United States.

Laos Government Scores Big Gain

VIENTIANE, Laos, Feb. 2 (UPI)—The capture of the important road junction of Sala Phou Khoun

was viewed by military observers here today as the most significant success by Laotian government forces since Prince Boua Oun

was installed as premier in mid-December.

The liberation of the strategic town from communist rebel forces

yesterday meant that the royal capital of Luang Prabang and the administrative capital of Vientiane

were linked by direct road traffic again for the first time

since Nov. 11.

Until Sala Phou Khoun fell, government forces in both capitals

had been linked only by air.

Senate Okays Hiking Age of Drivers to 15

(From Page One) Bill got the "cart before the horse" in that a driver training bill should come first.

Sen. A. W. Naegle, R., Bonneville, the president pro-temp, said another bill has been introduced into the house which will provide driver training and an adequate program to finance it.

Prather said the bill does not

affect the operation of farm trac-

tors or equipment. No license is

required to operate those, he said.

Sen. O. J. Buxton, D., Teton, said he thought the bill was an attempt to transfer to the state the responsibility parents are supposed to assume.

The senate consideration of the driving age bill came late in the evening after the Democrats demanded the full reading of every bill coming before the senate for first, second and third reading.

The dispute erupted shortly after 2 p.m. and began with policy statements by the Democratic and Republican leaders over the reporting out of the Democratic-sponsored measure repealing the head tax and providing a two-million-dollar refund of taxes collected.

Barlow said the Republicans had no intention of bringing the bill out since other appropriation measures had already been drawn up with the intention of using the head tax revenue.

Democrats, smarting at the refusal of the slim Republican majority to report another of their prized bills regarding repeal of the \$10 "head tax" refused to dispense with first reading of bills.

Repeated appeals by Senate Majority Leader Jack Murphy, R., Lincoln, and President pro-temp A. W. Naegle, R., Bonneville, for the Democrats to dispense with full reading of the bills were rebuffed.

Minority Leader J. Ray Cox, D., Kootenai, objected to what he called "legislation by committee" and said that until the senate majority party permitted the printing and allowed the reporting on the "head tax" repealer bills, Democrats were in no hurry to adjourn. Murphy said the senate had a "very heavy" workload to dispense with and would stay in session until it is completed.

After repeated appeal by Republicans, who interrupted the reading by the secretary, Lieut. Gov. William E. Drevlow, president of the senate, ruled the minority party was in order and not "dilatory" in demanding the reading and ordered that it proceed.

At last, Murphy, in apparent despair of getting the Democrats to change their minds, rose and complimented the Democrats on their "dexterity" in interpreting the rules and said "we recognize a filibuster when we see one."

Earlier yesterday, Sen. R. M. Wetherell, D., Elmore, voted the charge of "gag rule" against Sen. K. C. Barlow, R., Cassia, chairman of the joint house-senate finance appropriations committee.

Wetherell said statements made by Barlow indicated the Cassia county Republican felt that "no one should discuss any matter pertaining to the budget until such time as his committee had studied and analyzed it."

"He was attempting," Wetherell said, "to administer a self-imposed gag rule on the senate. He intimated that we may not tread upon the hallowed ground upon which he treads."

Barlow denied the accusation but repeated claims he made Tuesday that there had "been a lot of loose talk, loose figures, loose application of the budget" in discussing probable appropriations.

Wetherell said that on the basis of per capita income Idaho's tax rate is among the highest in the West. He said figures Barlow had used earlier were misleading.

But in reply, Barlow said that since 1953, Idaho's personal income has increased in larger proportion than the gain in the general fund budget.

"I am as great an exponent of freedom of speech as anybody," Barlow said. "I just want people to conform to the facts."

Sen. Howard Hechinger, D., Nez Perce, the ranking minority member of the senate finance committee, pointed out the committee might be better off to wait until it is determined whether federal legislation will be enacted to give aid to schools.

He said, "If we don't leave here too soon we may have to contend with some federal money which might be coming our way."

PTA to Meet

BURLEY, Feb. 2—All parents of junior high school and high school students are invited to an open house at the high school Monday evening by the Buhl PTA. Interested persons are invited.

As parents enter the building they will be given their youngsters' class schedules and go to the auditorium for brief instructions. At 8 p.m. parents will follow their youngsters' class schedules. Each class period will last 10 minutes, during which time teachers will explain the class work and projects will be displayed.

Two Burglaries Noted at Burley

BURLEY, Feb. 2—Police Chief George Warrall reports two burglaries in Burley grocery stores Tuesday night.

Approximately \$40 in cash was taken from the Martindale grocery store, 14th street and Normal avenue between 7 and 11 p.m. Tuesday by someone who used a bat to pry open the front door, Warrall states.

The owner, Lyman Martindale, who lives nearby, discovered the burglary around 11 p.m.

Entry was made into the Burley Drive-In grocery at 18th street and Oakley avenue sometime Tuesday night through the roof. The intruder cut a hole from the attic and dropped into the store.

The break-in was discovered about 8:30 a.m. Wednesday and nothing was reported missing.

Investigation is under way by the police department.

Blue Pencil Won By Ralph Holmes

BURLEY, Feb. 2—Ralph Holmes was the winner of the speech contest at the Burley Toastmaster club during its meeting at the Village Kitchen-Monday evening.

His subject was "The Gold problem in the United States," for which he was awarded a blue pencil. The contests will continue for several weeks and the overall winner of the club will enter the district contest in the spring.

Other speeches were given by Wallace Sharples whose subject was "Which way will South America go?" and Richard L. Jones, whose subject was "Why I'm glad to be an American." The entire club served as judges.

Ted Brown gave his icebreaker speech and Garnet Kidd was his evaluator. Lea Trout was toastmaster and Jim Henson was in charge of his table topics. Members spoke for two minutes on a variety of subjects. Al Stevenson gave the invocation.

Germans Set To Help U. S. Trade Deficit

BONN, Feb. 2 (UPI)—West Germany, which received three billion dollars in postwar aid from the United States, formally offered today to help relieve the American balance-of-payments deficit.

Economics Minister Ludwig Erhard handed the offer to U. S. Ambassador Walter C. Dowling and Elmer Bourgerie, embassy economics counselor. Details of the offer were kept secret.

Informed sources said the proposals were believed to include an offer to pre-pay part of Germany's outstanding 787 million dollar postwar debt. The Bonn government was said to be agreeable to paying 580 million dollars immediately.

Dowling and Bourgerie discussed the proposal with Erhard and then returned to the embassy to draft a report which will be sent to Washington along with the German offer.

American sources said the offer misses the mark, and that long and tough negotiations still are ahead.

The West German government believes that the balance-of-payments problem is only temporary and can be settled by a one-shot German payment.

The United States, however, feels that German support must have a lasting effect and that a single payment will not produce this result.

Eagle Scouts Honor Event Slated Feb. 8

JEROME, Feb. 2—Dr. Carl L. Assason, head of the department of speech and drama, Idaho State college, Pocatello, will speak at the second annual Eagle-Scout recognition dinner of the Snake River Area Council to be held at 7:30 p.m. Wednesday at the Magic Valley cafe here.

Harold Stoltz, council advancement chairman, said the event will be attended by Boy Scouts and Explorers of the council who have earned the eagle award, Scouting's highest rank, during 1960.

The plan is for each eagle to be sponsored by an outstanding adult of the community, whose acquisition is similar to the interest of the Scout. The host also will invite the boy accompany him at his business during the afternoon and acquaint him with the aptitude and educational requirements and personal and financial remunerations.

Only those Scouts residing in one of the eight Magic Valley counties and having earned the eagle rank in 1960 will be sponsored by social security in one out of every three quarters since 1950. The proposal would reduce this to one quarter out of every four.

The Kennedy Jobless pay plan would permit the state voluntarily to extend unemployment benefits, by using federal funds, to persons who have exhausted regular benefits since October 31.

The extension would equal half of the duration provided by the state, up to 13 weeks. The overall benefits would not exceed 39 weeks. Kennedy's promise that he would come back to congress in 75 days if these measures prove to be inadequate could imply a request for a temporary income tax reduction.

His task force on economic policy, headed by Dr. Paul Samuelson of Massachusetts Institute of Technology, urged such a course if unemployment reached 7.5 percent of the labor force.

One of the biggest headaches is the noses on statues. They seem to be the prime targets for rock-throwers. Each year there are workmen who do nothing for several weeks but replace noses.

Officials say schoolboys are the biggest offenders. As one official put it: After a bad day at school, nothing helps a boy so much psychologically as knocking the nose off an ancient emperor.

The favorite target is Pilagora, the mathematician, who has a lovely aquiline nose.

Strangely enough, the nose-busters have great respect for women. It is seldom that the statue of a woman gets her noseopped.

Anyone whose name does not appear in this list or has not been contacted is requested to get in touch with Tom Hatch or the Boy Scout office in Twin Falls immediately, Stoltz said.

Wholesalers from Rupert and Paul who are interested in the work of the WPA also attended.

A committee was appointed to meet with Walkup to discuss further financing of accounts receivable and repair work. They are George Toner, Bill Dalton, Paul Parkinson, Hazen Hatch, Deval Butters, Sam Henderson and Bob Baker, chairman. Baker is president of the WPA.

The organization was explained to the group from Rupert and Paul and met with their approval.

Ball Is Scheduled

TUCKER'S NATIONAL WHIRLIGIG

WASHINGTON—With Robert F. Kennedy as the chief law enforcement officer of the United States, it is expected that there will be more effective and coordinated law enforcement, as well as a general tightening up of the entire federal policing and regulating systems, than there has been in years. And, this will be due in large measure to the simple fact that the President and the attorney general are brothers, the latter being one of the President's most trusted aides and advisors.

Too often in the past, largely because the chief executives took small interest in the changing trends of civil and criminal law enforcement or because of their impersonal relationship with the head of the department of justice, the various federal agencies operated at loggerheads. They failed—or refused—to cooperate because of personal and official rivalries and jealousies. They are human.

Although each enforcement agency has a separate jurisdiction, they often overlap in their official functions. Nevertheless, they rarely exchanged information or worked together in the past—even when on practically the same assignment.

ORGANIZED CRIME — Although crime in the United States has become highly syndicated, with ramifications affecting every national police branch, the enforcement of the laws has not been syndicated.

It is so compartmentalized that the underworld still collects an estimated tribute of 20 billion dollars a year in tainted money, despite federal law-enforcement efforts. Of recent years, as the McClellan committee's revelations showed, organized crime's principal victim is business and industry, and part of that cost is passed on to the consumers, although they may not realize it.

Largely because of a lack of liaison between former attorney generals and presidents, this appalling situation has persisted without serious challenge or correction.

Although the attorney general is supposed to be the nation's chief law enforcement officer, he has often been reduced to only a figurehead because of these non-cooperating and conflicting authorities.

DISORGANIZED AGENCIES—Now, however, in view of the family relationship between the attorney general and the President, the former will have no hesitancy in presenting his problems to the White House. He will not suffer from his predecessors' stand-offish attitude. This should result in smoother and more effective operation.

Attorney General Kennedy can cite the unhappy experience of his predecessor, William P. Rogers, in suggesting reforms. Rogers set up a special group on organized crime after the Apalachian conference of underworld bigwigs in the Adirondacks. It was designed to coordinate law enforcement activities to meet the threat of syndicated crime.

It was also designed to crack down on labor goons and crooks who had bought into legitimate businesses and industries as "fronts." Eighty per cent of the Apalachian crowd were seemingly "respectable" businessmen.

BATTLE PLANS—Attorney General Kennedy has a passionate hatred of these types based on his experiences as counsel to the McClellan committee. He has expressed his holy and hostile zeal in his book, "The Enemy Within."

But the Rogers crime-fighting corps had to be disbanded after a few fruitless months for lack of cooperation from the top sleuths of the department of justice, the treasury, the postoffice, the federal trade commission and other agencies.

Although there is no definite congressional opposition to creation of a national police agency at Washington, which would place all the enforcement units in a single bureau, Attorney General Kennedy will undoubtedly try to "mobilize" these agencies as they have never been organized and united in the past.

Both the Kennedy brothers, as the President has shown during his first few weeks in office, are believers in organization and centralization.

VIEWS OF OTHERS

THE AMERICAN WOMAN AND KENNEDY

There's no question about it; the Kennedy years will be years of change, and no small part of that change will be in the status of women. The good housewife Bess Truman and the pleasant Mamie Eisenhower have been succeeded by a young whirlwind in the comely shape of Jackie Kennedy. Her influence on the American woman already is being felt, and long before the end of President Kennedy's first four years the White House will be once again what it occasionally has been in the past—the nation's social and cultural hub as well as its political center.

Another vigorous but very different first-lady was Eleanor Roosevelt, whose example gave the nation a new respect for the woman in politics; Dolly Madison in an earlier day charmed Washington and the nation and set the tone in style and food (she is said to have introduced ice cream to the White House). But few women have brought as much intelligence, beauty and taste to the capital as has Jackie Kennedy, and the result of it is bound to be a renaissance of art and style in which the women of America will play a leading part.

Just as important, in a different way, was the President's choice of a woman to be the White House physician, Dr. Janet Travell told reporters Wednesday that she herself had never felt discrimination but many professional women have; the lady doctor or lawyer, while just as competent as her male colleagues, still must constantly fight the barrier of her sex, and not infrequently she is looked upon as a freak.

Nothing could do more for the equality of women in the professions than a woman doctor in the White House. The fact that President Kennedy chose Dr. Travell for the more practical reason that she happened to be his own personal physician is a happy coincidence.—*Lewiston Tribune*.

TRIMESTER PLAN

The University of Pittsburgh is making quite a thing of its "trimester" program in which students go to the university for 11 months a year. The program enables a student to get a degree in three years instead of four.

We don't have that plan, exactly, in Oregon, but many students have worked such a plan out for themselves. Especially at the end of the war, when veterans were hurrying through, many attended summer sessions, thus shaving a term or two off their normal four years. Summer school offerings are broad enough that this can still be done if a student wants to get through rapidly.

The plan has its disadvantages, too. It breaks up the traditional four-year pattern in which a student stays with his class from freshman days until graduation. And it does not allow for the summer employment that many students find essential. Also, there is some question in our mind if a student can do his best college work with only a month of vacation. A student who hits the books hard for a full school year gets pretty stale by June. He may need a good breathing spell before he can be expected to do his best work again.

But it's a plan worthy of further exploration by the state board of higher education, which has expressed interest in it. It could, by making better use of the physical plants, cut down some of the heavy demands of the coming decade.—*Eugene Register-Guard*.

OLDER THAN YOU THOUGHT

Things are older than they had thought, scientists report. They have determined a more accurate value for the radioactive "half-life" of carbon 14, which is the key to dating very old materials by measuring radiant energy. Thus the Dead Sea scrolls are now believed to be 1,903 years old instead of 1,017.

Well, we're not scientists, but it didn't take scientific study to prove that we're older than we thought. We found it out on the ice skating rink the other night.—*Milwaukee Journal*.

Expansive words, but most newspapermen are dedicated to living up to them.

POT SHOTS

THERE SHE GOES AGAIN!

Dear Pot Shots:
Here I go again! I was talking to Mrs. Wirsching, my 29'er twin, and we thought it was about time to make plans for another birthday party, preferably a potluck dinner on Feb. 28 and we want to invite Pot Shots and the other two gentlemen who were with us at the (Feb.) 29ers birthday party last year from the Times-News.

Have the gang that was with us last year write you, Pot Shots, telling their views on where would be a good place to meet that is centrally located.

Let Pot Shots know soon so we can start planning for a big time Feb. 28. Let's have our families on this, too.

You can get the pooh from Flora Broner, Kimberly, or phone GArfield 3-5156, Kimberly.

HEADS UP!!
Dear Pot Shots:

Upon entering Twin Falls on Addison avenue west, you arrive at Five Points west and mass confusion.

Two lanes of traffic at two stop lights, one for each lane. Each is plainly marked so that anyone, no matter how young or old, can understand which direction their lane of traffic is supposed to go.

The left lane is marked with a black and green arrow to turn down Washington street north. The right lane proceeds down Addison which is also plainly marked with a black and green arrow.

Why (?) can't people follow directions? We've had our one-way traffic and new signals long enough now that everyone should know them.

I have never entered Five Points west planning to go on down Addison but what someone else has cut me out by proceeding down Addison from the left-hand lane. Someone's going to have a dented fender or two but maybe that's what it will take to get them to follow directions.

WASHINGTON

WASHINGTON (NEA)—A new alliance for progress apparently will be the administration's success-sor to FDR's "good neighbor policy" toward Latin America.

Kennedy's call for this "alliance for progress" in his inaugural address has a significant background.

A month ago at Harvard, a conference of a dozen big businessmen with an equal number of big brain professor types was held to plan a new inter-American partnership. The meeting was arranged by foreign policy clearing house of Washington, a group organized three years ago to bring private research findings to the attention of government policy makers.

The short report drawn up at the close of this conference was titled "alliance for progress." It called for a new course of action in Latin-American relations which would produce an impact comparable to the Marshall plan for Europe.

The report outlines a series of sweeping reforms in which it is recommended that the United States take the lead "to assist free men and free governments in casting off the chains of poverty," as the President summed up the situation in his inaugural.

Wholesale disarmament in Latin America is recommended. The present level of expenditures on military establishments is incompatible with limited financial resources available.

Finally, the report declares: "It is imperative to upgrade drastically U.S. diplomatic and commercial representation in Latin America. Professionally competent younger men with sympathetic understanding of the revolutionary ferment are needed."

The program concluded with numbers by an instrumental comedy duet from MVCC with Charles Smith and Lanny Turner and selections by the "Flares," a combo group from the Burley high school composed of Dewey Espinoza, Howard Swofford and Gill Putman.

Marsden expressed appreciation to Dr. George Dehoff of MVCC; Earl Carlson, principal of the Burley high school; Mrs. Bee Hanks, who worked with the Stepperettes; Mrs. R. R. Riley, speech instructor, and Bob Autch, of the high school art department.

Four U.S. Reaches in Space May Produce Complications

By The Associated Press

a lively portent of man's ability to go and come likewise, and around the Minuteman rocket, portending the end of man's participation in strategic bombing.

Of greater political import, however, was the suggestion by the successful test of a Bumper-B Interceptor missile that there is a defense against missile warfare, thought which weakens fear of war, and of the Samo "sky spy" designed to replace U2 in espionage.

Samian Ham suddenly becomes an important figure in the space prestige race between the United States and the Soviet Union.

Minuteman, with its solid fuel and 6,000-mile range, is a major step toward U.S. capability for pushbutton war. It is a mobile or fixed-position weapon, a thunderhead for retaliation.

Bumper-B is designed to insure that there will be time for retaliation, by knocking down enemy missiles.

Samos is designed to guard against surprise attack, as were the U2 and other reconnaissance flights over the Soviet Union which were discontinued under political pressure.

Samos seems likely to come up also.

There are no international decisions as to how high a nation's sovereignty goes. When the Samos starts clicking the photographic shutters over the whole world, every nation with anything physical to hide will start complaining.

A Citizen Speaks for Trading Stamps—

An Open Letter to Members of The Idaho House of Representatives

Sirs:

For a decade the S&H Green Stamp has been a citizen of Idaho.

In 1950 The Sperry and Hutchinson Company introduced trading stamps to our Idaho families. In the years following S&H has become a very real part of the economic and community life of our state. Today 2 out of 3 Idaho families save trading stamps.

Last week during the Senate debate on the bill that would virtually kill trading stamps, statements were made to the effect that trading stamps no longer deserved to do business in our state.

This is something for the housewives and merchants to decide. We know that thousands of Idaho families—families that budget their stamps as carefully as they budget their household money—will agree with this.

Before you take action on S.B. 21 this week you should know this about us:

—S&H has forty-one permanent and nineteen part-time employees earning an annual payroll of more than \$175,000 in nine Idaho communities—Boise, Burley, Coeur d'Alene, Idaho Falls, Lewiston, Payette, Pocatello and Twin Falls. (There will be no jobs, no payroll if S.B. 21 becomes law.)

—We have more than \$300,000 invested in inventories, real estate, leasehold improvements and the like. (Idaho loses all of these if S.B. 21 becomes law.)

—Our state taxes are about \$15,000 and some \$52,000 is spent in Idaho on truck and rail transportation. Even the U.S. Post Office benefits with postage of about \$2,500. And some \$33,000 is spent on newspaper, radio and TV advertising. (This, too, would be lost to our state if S.B. 21 becomes law.)

—Last year Idaho housewives redeemed S&H Green Stamps for everything from blankets to baby buggies, having an average retail value of approximately \$1,500,000.

—In Idaho the total value received by our housewives redeeming stamps—plus payroll, rents, taxes and other expenditures—was equal to the money paid for stamps by merchants. (S&H's profit comes from its ability to make large-scale purchases at lower than retail prices.)

When merchants feel the impact of an effective competitive tool like trading stamps they sometimes turn to the legislature to pull their chestnuts out of the fire. Time and again legislative bodies have said that in the public interest this is something that should be left to the business process. It belongs in the market place—not in the legislative halls.

Our Idaho housewives want trading stamps. Hundreds and hundreds of letters are being written to members of the House by women asking that they be allowed to continue to save trading stamps as women have done in our state for many years.

The harsh legislation (S.B. 21) which you will consider this week will banish trading stamps in Idaho.

As a respected member of Idaho's business community for ten years, S&H feels it deserves better.

This letter is addressed to you because we feel the conscientious legislator will make his decision based on facts.

Sincerely,

John C. Finnell

State Manager for S&H and a resident of Idaho since 1918

S&H Deserves Better

"Early Days" For Bellevue Are Reported

KETCHUM, Feb. 2—Members of the Wood River Historical Society heard Nick Werry, pioneer of Bellevue, tell tales of early day life in that vicinity at their regular meeting this week at the Ketchum-Sun Valley Community Library.

In addition to members from Bellevue, Halleys and Ketchum, Mr. and Mrs. W. Murphy, Twin Falls, attended.

Highlights of Werry's talk included the last day of the Minnie Moore mine, as it was originally operated, when water rushed into the 1,200 foot level, then the 1,000 foot level and finally the 950 foot level, and the original vein was lost.

Werry was working there as a 17-year-old, at the time.

"They will find the vein again some day, I know," he stated. "They just haven't gone down deep enough yet. It will take a lot of money, but they'll do it some day. The ore is there."

Werry told amusing experiences of the "buttons and bows" life.

"In those days," he related, "the young men and their girls walked to the opera or dance. A girl, all dressed up in a hoop skirt with underskirts galore and high heeled button shoes, walked with her beau from Broadford to Bellevue, a distance of some two miles over deep, dusty roads in the summer, or snow in the winter — to dance until the wee small hours, and then walked home again."

"We just didn't think anything of it," he declared.

Jack Sidney, president, called for a vote on making the society's summer project the restoration of the Sawtooth City cemetery. Forest Ranger Jack Lavin, in whose district this cemetery lies, has promised cooperation of the forest service. He stated they would erect a sign on U.S. highway 93 designating the cemetery's location.

Sidley has requested that any person knowing of the burial place of anyone in this oldest mining camp in the area, write the Wood River Historical Society, box 345, Ketchum, or contact Mrs. John Irvin, secretary, or himself, at Ketchum or Sun Valley.

The group voted to write State Sen. Hal Wellington and Rep. Pete Cenarrusza and request them to support H. B. 66, which would make it possible for counties to provide for natural support for museums, historical societies, historical restoration and similar projects, at the discretion of the county commissioners.

Bellevue residents present reported that the work of restoring the original city hall at Bellevue is now under way and that restoration of the first jail there will be started in the spring.

Sidley announced that O. A. (Gus) Kelker, Twin Falls photographer who has visited and taken pictures of most of the ghost mining towns of Idaho, will show slides and tell stories of these subjects at the Feb. 27 meeting.

Migratory Film Shown to Rotary

BURLEY, Feb. 2 — "Idaho's Summer Citizens" was the title of a film on migratory workers presented by D. David Lewis, manager of the employment security agency, during the Burley Rotary Tuesday luncheon meeting at Council Roy's.

The film, which was made by the agency, tells the story of a Mexican family from Texas who came to Idaho to work in the fields. It deals with the impact that the migratory workers have on the Idaho economy and how important they are to the agricultural industry, Lewis explained.

Mark Moorman was in charge of the program. Guests were Russ Bennett, Fred Byrne, Elson Basom and Ralph Smith, all Twin Falls.

Orlin Mayer, Boise, industrial sales manager for Idaho Power company, will speak during next week's meeting on a subject of interest to the Farmers and Rotary members, stated A. Glenn Anderson, president. Members were urged to bring farmers as guests to the meeting.

WENDELL, Feb. 2 — Gordon Gibbs, son of Mr. and Mrs. L. E. Gibbs, Wendell, was a member of the livestock judging team from California Polytechnic Institute, San Luis Obispo, which won reserve champion honors at the national intercollegiate western judging contest. They placed second out of 17 teams and Gibbs won second in horse judging and third in sheep. His wife is the former Barbara Smith, daughter of Mr. and Mrs. Walt Smith, Wendell.

Research Work Discussed With Doctor From Utah

Mrs. Martin Iverson, Twin Falls county Heart Fund drive chairman, and Dr. Ben Katz, right, Twin Falls, chairman of the professional education committee for the Idaho Heart Association, meet with Dr. J. D. Mortensen, Salt Lake City, to discuss research work

He is doing on artificial valves used in heart surgery to replace diseased valves. Dr. Mortensen, who is associated with the LDS hospital at Salt Lake City, has been awarded a research grant by the Idaho Heart Association. (Staff engraving)

Magic Valley Goal of \$14,000 Is Set For Heart Fund's Drive in February

The Idaho Heart Association has set a goal of \$14,000 for Magic Valley in the February Heart fund drive, reports Mrs. Warren Tegan, association regional chairman.

Last year more than \$12,000 was collected in Magic Valley, she said. The state goal this year is \$80,000. Most of the money goes for research work, Mrs. Tegan explained.

Dr. J. D. Mortensen, Salt Lake City, who is working on artificial valves to be used in heart surgery to replace diseased valves, is receiving research grants from the Idaho Heart Association, Mrs. Tegan noted.

Grants also are made to the University of Idaho and Idaho State College for research work.

One of the larger programs carried out by the Heart Association in the state is a joint cooperative effort with the Idaho Department of public health to supply vital drugs to children in Idaho to help stem serious complications and permanent damage from rheumatic fever. The program costs approximately \$10,000 per year and the number of young people receiving aid is increasing rapidly, she emphasized.

Preparations throughout Magic Valley for the Heart fund drive include a bowling tournament scheduled during February with the proceeds going to the Heart fund. Roger Marsh, Twin Falls, is organizing the event.

Mrs. Emil Hochhauser, Twin Falls, president of the Idaho Beauty Association, is organizing a Heart fund benefit hair styling show Feb. 19 at the Twin Falls American Legion hall. Beauty operators from all over Magic Valley will participate, Mrs. Tegan said.

Cub Banquet Planned for Lincoln Pack

SHOSHONE, Feb. 2 — Plans for the annual blue and gold banquet were made at the January Cub Scout pack meeting held this week at the Lincoln school auditorium.

Named to the committee for the banquet were Mrs. M. J. Dilie, Mrs. Charles Pendleton, Mrs. D. A. Bennett, Mrs. Zane Alexander and Mrs. Vern E. Johnson.

The banquet will be Feb. 23 with the pack meeting held in conjunction with the anniversary dinner party for Cub Scouts and parents.

Cecil Cope, committee chairman, asked for additional den mothers.

The Rev. John Tilk, Scoutmaster, assisted by William Haas, assistant Scoutmaster, conducted the awards ceremony.

Paul Berriochoa and Delvin Low received bobcat pins; Ronald Butler, Dennis Peuron, Bill Van Dyke, Steve Hovey, Peter Campbell, Michael Manning, wolf badges, with Ronald Butler and Dennis Perron each receiving a gold arrow.

Kevin Guthrie, a gold and silver arrow; Donald Bennett, a gold and two silver arrows, and Tommy Alexander, a silver arrow for his wolf badge.

Receiving bear badges were

Frank Morris, Norman Dilie, Calvin Low, with young Low also receiving a gold and silver arrow.

Lion badges were awarded Mark Scott, Hal Ross, Jr., Larry Metts and Melvin Webb. Ross also received a gold arrow and Webb received a gold and silver arrow.

Denier stripes went to Calvin Low, Walter Gipson, Ronald Buhler and Michael Manning. Assistant denier stripes to Kevin Guthrie, Frank Morris, Donald Bennett and Jim Trenkle.

Banquet Slated

WENDELL, Feb. 2 — The annual father and son banquet, sponsored by the WSCS to honor all Scouts will be served at 7 p.m. Monday at the First Methodist church.

The Rev. Earl Riddle, pastor of the First Methodist church, Twin Falls, will be the speaker. Members of the Together group will prepare and serve the banquet.

Legitimate solicitors will have lapel pins to identify them and each will have a Heart Association kit containing pamphlets and pertinent data about the Heart Association program, advised Mrs. Martin Iverson, Twin Falls county chairman.

Magic Valley county chairmen are Mrs. Iverson, Twin Falls; Mrs. Willard Harpster, Cassia; Jake Wall, Minidoka; Mrs. Floyd Goss, Gooding; Mrs. Ellis Shawer, Jerome; Joe Cook, Camas, Larry Hall, Blaine, and Mrs. Floyd King, Lincoln.

U. S. Farming Assistance Is "Big Project"

SALT LAKE CITY, Feb. 2 (UPI)—An agriculture department official said here today that the transfer of American agricultural knowledge to people of other countries is one of the great challenges of our age.

Max Myers, administrator of the department's foreign agricultural services, told the American Society of Range Management that "we are trying to meet" the challenge.

The PAS administrator was one of six speakers who discussed the place of the American Society of Range Management in world wide glazialand problems" at this morning's session of the society's 14th annual convention.

The convention was highlighted by the presentation last night of a commemorative postage stamp honoring range conservation. It was presented by Franklin R. Burns, Jr., director of the post office's philatelic division. He represented Postmaster General J. Edward Day.

The stamp features a drawing, "The Trail Boss" by Charles Russell. An estimated half million letters will receive first day cancellation today in the Salt Lake City postoffice. The stamp was developed under the joint sponsorship of the forest service, soil conservation service, bureau of land management, Indian service and post office department.

Man Faces Trial In Forgery Case

BURLEY, Feb. 2—Willard G. Mills, 56, Oakley, waived preliminary hearing and counsel when he was arraigned before Probate Judge Vern Carter Wednesday morning and bound over to district court on a charge of forgery.

The complaint was signed by R. G. Harper, Oakley marshal, and Mills was arrested by Cassia County Sheriff H. O. Warrell and Deputy Ray Mitchell Tuesday night.

Mills allegedly issued a check for \$15 to himself and forged the name of Charles Brown, retired publisher of the Oakley Herald. Brown, who has been in ill health, had been staying in a nursing home in Burley, recently returned to Oakley where Mills was caring for him.

6 Drivers Fined In Jerome Court

JEROME, Feb. 2—Six drivers were fined Tuesday for Jerome judges for violations of the motor vehicle act.

Bill W. Taylor, 15, Jerome, was fined \$1 by Police Judge Fred Eberhardt for failure to carry registration. Robert L. Mitchell, 46, Jerome, was fined \$5 by Judge Eberhardt for driving with an expired driver's license.

Zula M. Hamp, 28, Jerome, was fined \$5 by Judge Eberhardt for failure to register a vehicle. Ralph A. Hamp, 35, Jerome, was fined \$5 by Judge Eberhardt for failure to display 1001 license plates.

Ronnie E. Dick, 18, Jerome, was fined \$5 and costs by Justice of the Peace Leo Terrill for a noisy muffler. He was cited by State Patrolman Frank Mogensen.

Nursing Home Blaze Takes 7 Aged Patients

WASHINGTON, Feb. 2 (UPI)—Seven aged, bedridden patients burned to death yesterday when racing flames quickly engulfed a four-story private nursing home for the elderly.

At least 27 other persons — patients, employees, firemen, policemen and passers-by — were treated in hospital. Fire Chief Millard H. Hutton called it "one of the worst fires in years" here.

7 Were in Bed

The seven who died — four women and three men — were in bed on the top floor, when the fire reached them from the basement. Their bodies were found either still in bed or on the floor.

Two nurses, Nancy Cogins and Lucy Carter, said they were on the fourth floor when the alarm was sounded. They said they managed to drag one of the floor's eight patients to safety, hoping firemen could rescue the other.

Aged Survivors Bewildered

Patients on the first three floors were taken out by employees, firemen and passing citizens. The aged survivors, shock and bewilderment evident in their faces, were left to nearby buildings. There they waited their turns for ambulances shuttling back and forth to hospitals.

All available doctors and ambulances in the city were ordered to the scene, and many ambulances from nearby Maryland areas were pressed into service.

At least one woman patient was taken down a ladder about an hour after the flames broke out, despite the speed with which the fire spread.

24 Lived in Home

The brick building — the Mount Vernon Nursing home — is located in the fashionable Rock Creek Park area near the Calvert street and Connecticut avenue bridges across the park.

There were 24 patients in the home along with five nurses and two assistants.

The cause of the fire was not immediately determined.

Caroline Sharrai Honored at Rites

Funeral services for Caroline Sharrai were held Thursday at Reynolds funeral chapel with the Rev. Dale Ringering officiating.

Mrs. Millie Clark and Mrs. Muriel Fischer sang. Organist was Mrs. Geraldine Ringering.

Pallbearers were Donald Hline, Elwood McCauley, Jerry Baldwin, Lee Reagan, O'Dell Randolph and Hayes Brown.

Concluding services were held at Sunset Memorial park.

Incorporated

Articles of incorporation were filed with the Twin Falls recorder Jan. 8 by Jones brothers, Inc., to engage in farming and ranching in Idaho and Nevada. Authorized stock, already subscribed, is 1,500 shares with a stated valuation of \$250,000.

Incorporators and shares held are Fred W. Jones, 405; Robert C. Jones, 405, and Eleanor Jones, 600. All shareholders live at route 1, Buhl.

Mitchell Played By Bridge Club

Magic Valley Duplicate Bridge club met Wednesday at the home of Mrs. Charles Beymer playing the Mitchell movement.

North and south winners at seven tables were Mrs. William I. Spaeth and Mrs. Beymer, first; Mrs. L. Lingnaw and Mrs. Hazel Fitzpatrick, second, and Mrs. J. Frank Henry and Mrs. R. S. Tollemire, third.

East and west winners were Mrs. Arteil Kelly and Mrs. J. C. Carson, first; Mrs. Herbert Burgess and Mrs. C. D. McIntyre, second, and Mrs. Robert Carlson and Mrs. J. O. Pumphrey, third.

Mrs. McIntyre was a new player.

Wins in Oratory

DECLO, Feb. 2—Lewis Dewey, a senior in the Declo high school, won first place in men's oratory at the Idaho state invitational forensic tournament held in Pocatello last weekend. Dewey is the son of Mr. and Mrs. Ervine Dewey, Declo.

In debate Dewey and Pamela Gummerson placed fifth. Others representing the Declo high school were Dianne Turner and Richard Reed with a 4-2 record and Gloria Gummerson and Judy Clark with a 2-4 record.

Guest Day Is Held by T. F. TOPS Group

Some 20 guests attended guest day activities of the TOPS (Take Off Pounds Sensibly) Nix-On-Pix club Tuesday afternoon in the Salvation Army building.

The 45 members present reported they lost a total of 59½ pounds during the week and gained only eight pounds, leaving a net loss of 51½ pounds. Since the local chapter was formed last year, 1,571 pounds have been lost.

Best loser of the week was Mrs. Dale Wilson, who lost five pounds. It was reported that 27 of the Nix-On-Pix chapter members attended a party last week in Burley hosted by the Losin' Susana TOPS club. The Burley club recently lost a weight-losing contest to the Nix-On-Pix group.

Highlighting the party was a style review with members' husbands modeling women's clothes, including bikini bathing suits and maternity outfits. A salad smorgasbord concluded the party, after which the Burley group challenged the Twin Falls chapter to another six-week contest beginning Tuesday.

The next meeting will be held at 1:30 p.m. Tuesday in the Salvation Army building. A motion picture on "Arthritis" will be shown by Dr. William A. Kendall, who will answer questions after the film.

Chariot Race Is Set With Boise Group

RICHFIELD, Feb. 2—Two-day chariot races this weekend will see Magic Valley racing association members compete again this year with the Boise Valley Chariot Race association.

Last year, in races also run at Boise, the Magic Valley members won the majority of races. Top race saw Jack Funk, Burley, win over Harold Forrey's outstanding team of palominos, from Boise valley.

Pairing for the Saturday race of Magic Valley members pit Harold Pridmore, Richfield, against Glen Weeks, Declo; Blaschoff; Jolley, Rupert, vs. Dick Anderson, Albion; Burton Funk, Burley; Morris Nelson, Gooding; Jim Poulton, Burley; Orin Nield, Richfield; Gary Crystal, Rupert; Cotton Riley, Richfield; Budgie Mickelsen, Rupert, vs. Bob Bailey, Albion; Carl Riley, Richfield, vs. Jack Funk, Burley; Hap Gates, Gooding, vs. Ed Martin, Paul; Ron Nelson, Paul, vs. Zay Crystal, Rupert, and Ralls-Hodges team against Kenneth Meates, Richfield.

The Saturday-Sunday races at Boise, starting at 1:30 p.m. each day, will be run two miles west of the Y-inn. The Ralls-Hodges and Blaschoff-Jolley race teams have been formed for the rest of the season races, instead of the drivers competing singly.

Seven races have been set up for the two association contests Sunday. The last two races will be between Magic Valley Race members only to complete the slate.

Pairings have Harold Forrey's palomino pitted against the team of Zay Crystal this year.

Sunny Otter, Boise, will race against Bailey, Magic Valley; Joe Palmer, Boise, against Morris Nelson; Woody Murray, Boise, against Orin Nield; Lawrence Lamb, Boise, vs. Cotton Riley; Mack McLean, Boise, vs. Harold Pridmore; Vernon Greenfield, Boise, vs. Carl Riley; Lester Lamb, Boise, vs. Dick Anderson; Cliff Brechers, Boise, vs. Mickelsen; Arnold Brechers, Boise, vs. Jim Poulsen.

Pete Cowger, Boise, will race Ron Nelson, Magic Valley Race association first place winner; Clarence Brock, Boise, vs. Burton Funk; Drake-Daff, Boise, vs. Gary Crystal; Ed Nangle, Boise, vs. Jack Funk; Harley Edam, Boise, vs. Kenneth Meates.

Hap Gates will compete with Glen Weeks and Ralls-Hodge with Ed Martin as the last two races with Magic Valley members competing against each other.

The charge sheet lists 15 counts and 13 prosecution witnesses.

Under the first count, charging crimes against the Jewish people and crimes under the Nazi collaborators act, Eichmann is accused of killing millions of Jews between 1933 and 1945 "with the help of others."

The accusation charges Eichmann on one count of war crimes, four counts of crimes against the Jewish people, seven counts of crimes against humanity, and three counts of membership in hostile and criminal organizations.

Robert Servatius, defense counsel for the former Nazi SS officer captured by Israel in Argentina last May, visited Attorney General Gleaton Hauner and picked up the charge sheet.

Concert Trio Will Be Third Program for Concert Series

FILER, Feb. 2—The third presentation of the Community Concert association series will feature the Pacific Concert Trio at 8:15 p.m. Monday at the Filer high school auditorium.

The ensemble, piano, flute and cello, offer chamber music com-

bined with solo numbers. Each member of the trio has a broad musical background.

Lorna Wren, native California flutist, is a graduate of the Juilliard School of Music. After the end of World War II she managed and directed an all-girl chamber music group under the sponsorship of the USO. The group appeared in France, Germany and Czechoslovakia.

Recently she has made appearances on the West Coast Chamber Music series, the Coleman Concerts, Pasadena, Calif., and has played in the Los Angeles Philharmonic orchestra directed by Igor Stravinsky. She has been West Coast flutist for soprano Lily Pons since 1954.

Gary Crystal, cellist, is a Juilliard graduate. He attended on a music fellowship. He held scholarships with Joseph Schuster, Maurice Eisenberg, Diran Alexanian and Pablo Casals, all noted cellists.

Bemke has played for such distinguished conductors as Sir Thomas Beecham, Igor Stravinsky, William Steinberg, Leopold Stokowski and Dimitri Mitropoulos.

The pianist, Robert Turner, is a graduate of the University of California and also attended the Juilliard School of Music where he was a fellow student of Joseph Lhevinne and Rosina Lhevinne. He is the writer of program notes for Hollywood bowl and the Los Angeles Philharmonic orchestra.

It was the same verdict awarded earlier to another city official Police Commissioner L. B. Sullivan, who also sued the Times and the four Negro defendants.

The suits by James and Sullivan and similar complaints by City Commissioner Frank Parks and Gov. John Patterson, grew out of an advertisement published in the Times last March 29 which was critical of the handling of Negro student demonstrations in Montgomery early last year.

Times attorneys said they will appeal. The judgment awarded James was the same as in the Sullivan case.

Tourist Gap

WASHINGTON, Feb. 2 (UPI)—The "tourist gap" now has been added to other cold war "gaps" and Sen. Norris Cotton wants congress to close it.

The New Hampshire Republican made his plea today in testimony prepared for the Senate commerce committee, which is considering a bill to set up an office of international travel to lure foreigners to U.S. vacation spots.

The senator—whose state is famed for its ski and summer resorts—said American tourists spend one billion dollars a year more than foreign tourists spend here. He labeled this the "tourist gap."

Gregory Bemke, cellist, is a Juilliard graduate. He attended on a music fellowship. He held scholarships with Joseph Schuster, Maurice Eisenberg, Diran Alexanian and Pablo Casals, all noted cellists.

Bemke has played for such distinguished conductors as Sir Thomas Beecham, Igor Stravinsky, William Steinberg, Leopold Stokowski and Dimitri Mitropoulos.

Area Assembly of God Church Gets New Minister From Ohio

WENDELL, Feb. 2—The Rev. Don Shover, Columbus, O., has been given his pastorate of the local Assembly of God church.

The Rev. Mr. Shover, replaced the Rev. Eula Baldwin, American Falls, who had been supply pastor since August, 1960. She took over the pastorate after the resignation of the Rev. Blane Russell, who returned to Kansas.

The new pastor was graduated from Columbus high school and attended the University of Maryland for one year. He served in the air force and was stationed at the Mountain Home air base in 1957-58. He spent one year of his service in Greenland.

After his release from the service, he returned to Mountain Home air base and spent eight months as a serviceman representative for the Assembly of God church.

He married Elizabeth Nelson June 25, 1960, at Mountain Home. Mrs. Shover assists her husband with his work and is a leader for Christ's Ambassadors, a unit of the church.

The Shovers are pleased with the climate of southern Idaho and say they enjoy living in Wendell.

Anti-Gambling Law End Asked

BOISE, Feb. 2 (AP)—A measure was introduced in Idaho's house of representatives yesterday to remove restrictions against gambling in liquor establishments.

It was the first "gambling bill" introduced in the 1961 Idaho legislature. It was tossed in the hopper by the house mining committee.

There are other laws which prohibit gambling in Idaho which would not be affected by this measure.

Medical Cost Boost Sparks British Storm

By ROBERT MUSSEL
LONDON, Feb. 2 (UPI)—As I type this through spectacles which cost me only \$2.80 under the British health program, the government of Prime Minister Harold Macmillan is heading into the worst political storm of its career.

Macmillan lighted the fuse on the most explosive of all domestic issues in parliament yesterday, raising the price of medicines and appliances available to the British public under the welfare service.

2.4 Million Cost

As labor members shouted "Down with the cost," Minister of Health Ernest Powell said the action was taken by this year's bill for social medicine—a record 2.4 billion dollars.

"Shame! Scandalous! Drunken full!" came additional cries. Powell said the new charges will bring in 182 million dollars and help keep the government from dipping into its reserve fund to modernize hospitals.

Labor Leader Hugh Gaitskell and his advisers discussed the possibility of a vote of censure against the government for the action which was regarded by many as a move that could weaken the ideal of the welfare state.

Stamps Plan Helps Needy Keep Dignity

WASHINGTON, Feb. 2 (UPI) — President Kennedy's new food stamp plan not only will provide a better diet for needy persons but also will help preserve their dignity, supporters said.

Under the plan, announced by Kennedy at his news conference yesterday, the government would distribute stamps to impoverished persons who then would use them to shop for food at their regular groceries.

Backers said this system would allow the needy more dignity than the current surplus food distribution program in which bags of food are passed out free at welfare stations.

Kennedy said the stamp plan would be tried out in six areas: West Virginia, Pennsylvania, southern Illinois, eastern Kentucky, Detroit and northern Minnesota.

The President has authority to spend \$250 million dollars to test out the plan this year. The authority runs out Jan. 3, 1962.

Former President Dwight D. Eisenhower had authority to set up a food stamp plan for the needy. But he declined to establish it on the advice of his agricultural secretary, Ezra T. Benson.

Father, Daughter Both Attending State Legislature

Paul Girl Learning of State Legislature While Being Page

RUPERT, Feb. 2 — Valuable experience and an insight into the workings of the state legislature are the rewards of serving as a page in the house of representatives, says Margaret Hansen, Paul, daughter of the Minidoka county senator, Rodney A. Hansen.

She received the appointment through the Republican central committee, with recommendation from the county GOP committee.

She is one of 10 young people employed by the state legislature and one of two girls serving in the house. Her companion there is Sue Libby, Butler.

Other young people include five girl pages in the senate and three young men employed as pages or elevator operators. Ages of the group run from 15 to 18. Except for one boy from Boundary county, all are from southern Idaho.

The girls go to work at 8:30 each morning. Their duties before the opening of the house sessions at 10 a.m. include distributing mail, placing copies of new bills to be discussed that day, and other papers necessary to the day's business. They work until 5 p.m.

As her most memorable experience, Margaret lists hearing Gov. Robert E. Smylie deliver his annual message to the house concerning appropriations for the year.

Her most embarrassing was the

day she entered the wrong chamber, finding when she was halfway down the aisle that she was in the page in the house of representatives.

Margaret lives with her father, Senator Rodney A. Hansen.

She received the appointment through the Republican central committee, with recommendation from the county GOP committee.

She is one of 10 young people em-

ployed by the legislature, the pages receive \$10 per day on a seven-day pay scale since many times their services are required on week-ends by various committees. In addition to their messenger service, the pages also are on call for typing and other types of secretarial services.

Margaret summed up her experiences by saying, "I like the work, and think it is a lot of fun. The only hard part is keeping up with my school work."

She expressed her appreciation to her teachers and Principal Leigh Engers who have cooperated with her family in seeing to it that she gets her assignments and returns her finished work. Margaret is a junior at Minico High School.

WE STICK TO OUR LASTS

There was a time when pharmacists often were called "Doc." Doubtless it was a complimentary gesture.

Even in this late day, the pharmacist frequently is asked to diagnose and prescribe by his customers.

But like the shoemaker, we pharmacists stick to our own lasts. We neither diagnose nor prescribe. These health team functions fall within the special province of physicians both by law and professional training.

As a member of the health team, we are an intermediary, serving both the doctor and the patient. Our job is to compound your prescriptions carefully and promptly.

Becomes Bride

Leslie Lewin Is Wed to Dorman In Church Rites

SHOSHONE, Feb. 2 — Leslie Joan Lewin, daughter of Mrs. Mary Lewin, Shoshone, became the bride of Bill L. Dorman, son of Lee Dorman, Jerome, and Mrs. Ralph Walton, Bliss, in evening services Jan. 20 at the American Legion hall here. Probate Judge R. E. Powell officiated at the ceremony.

For her wedding the bride wore a lace over pleated nylon gown in ballerina-length. Her bouquet was carnations with pink rosebuds.

Mrs. Ray Lewin, sister-in-law of the bride, was matron of honor or wearing a pink and gray sheath dress and a white carnation corsage. Ray Lewin was best man.

The bridegroom's mother was dressed in a blue chiffon gown. Her mother wore a green sheath dress. Both wore pink carnation corsages.

After the wedding, attended by family members, reception was held. Dorothy Jean Tubbs was in charge of the gifts.

F. N. Stowell was master of ceremonies for the program. Howard Pitman gave the prayer. A piano solo was played by Connell Thorne. Martha Jeringan sang two solos, accompanied by Joyce Hatmaker.

Marilyn Pitman played an accordion solo. Singing in a trio were Phyllis Lewin, Sharon Peugh and Iris Scott, accompanied by Mrs. Verna Allen.

The wedding cake was baked and decorated by Mrs. George Rossler. It was three-tiered, decorated with pink rosebuds and topped with a miniature bride and bridegroom. Two heart-shaped cakes were joined to the wedding cake by pink streamers and surrounded by pink rosebuds. Mrs. Harry Stomer decorated the table.

After a wedding trip to Pocatello, they returned to this area where he is employed at Gooding. She is a senior at Shoshone High school.

Special out-of-town guests at the wedding were Mr. and Mrs. Ralph Walton, Bliss; Mr. and Mrs. Estes-Dorothy, Durley; Lee Dorman and Mrs. Ethel Dorman, Jerome; Mr. and Mrs. Glenn Strong, Ely, Nev., and Mr. and Mrs. C. E. Lewin, Vale, Ore.

Care of Your Children

By ANGELO PATRI

"Didn't the teacher explain this to you?"

"Yes, but she was in such a hurry. The bell was going to ring and we have to finish this part of the book this week. And we only have so many minutes to do an example. She has a stop watch and every once in a while she times us because when we have a test we have to be fast to get it done."

Speed has to come slowly if it is to be of any service. That is, speed can function only after experience. It takes time to learn the process. A child can add, subtract, multiply and divide speedily, and accurately, only after he has learned these processes as to make them automatic. This takes six to eight weeks of thinking or counting on his fingers. That sort of thing requires long practice and it in turn requires time. Time is not popular in many classrooms today but it is a persistent ingredient of learning and it would be the better part of wisdom to accept it.

Speed drills are good in their places. The experienced teacher knows not only how to introduce them, by gradual steps, but when they are needed. To introduce a speed drill when the subject is

only newly introduced is one sure road to failure and to the disgust of the pupils on whom it is imposed.

A lot of the speedup in teaching involves mistakes. Some mistakes are expected when teaching children something new. But accuracy is the essence of good teaching and until that is assured, no attempt at speed should be undertaken.

We are hearing a great deal about speed in reading. I claim that this has scant place in the elementary school where, for the most part, we should teach children to read with intelligence. That is, I mean to read the information, the story, the idea the process conveys. That implies time. Not many elementary school pupils are able to read speedily, select the main idea in a paragraph and state it clearly in brief time. If he can do it in any length of time, he is doing very well. Elementary school teachers should be satisfied if their pupils can read intelligently, tell what they read with some degree of clarity, and never mind the speed. Secondary school and college can do the teaching for speed reading. Even that takes time. Learning is really a slow process for mankind. Give us time.

MARKETS AND FINANCE

Stocks

MARKET AT A GLANCE

NEW YORK, Feb. 2 (UPI)—Stocks higher; advance continues. Bonds—Higher; light trading. Cotton—Higher; trade mixed. Oil—Higher with some gains. Soybeans—Mixed; old crop mostly steady. Wheat—Steady to 50 cents higher; ton \$19. Corn—Slaughter steers steady to weak; top \$27.50.

NEW YORK, Feb. 2 (UPI)—Wall Street listened to President Kennedy's economic message to Congress today and apparently liked what it heard. The market was moderately-based and inactive trading.

Stocks, drugs, defense stocks, electronics and building alarms were in heavy demand with only some chemicals and auto parts ending with slight dampener on the latest upward movement.

IBM ran up around five in the electronic, Birlant-Myers and Merck around two in the drugs, Hershey over four in the foods, Certain-Tee, 10 in the building materials, and MetLife and Texaco about 15 in the oils. Lockheed, Douglas and United Aircraft a point in the defense stocks and Bell and Howell around one in the photons.

It was down around 15 to depress the market overall while New York Central added a fraction. Transamerica rose about one in the utilities where Houston Light had the same amount. Gainers ran to a point or more in Seaway, American, Minnesota Mining, William Wrigley, Relyon, Minneapolis-Honeywell, Procter and Gamble, Littton, Berkman, Magnavox, Vendo, American Products, Thompson United and American.

Holders lost fell more than a point, Hollingsworth and Martin around 15%.

Stock sales for the session totaled 4.0 million shares against a turnover of 4,300,000 shares yesterday.

Valley Entertains Pilots In Top Little Six Clash; 21 Games Set on Week-End

The one-two teams in the Little Six conference collide in one mainliner and the second and third teams go about eliminating each other in the Big Seven conference to highlight the 21-game week-end basketball schedule. The Glenn Ferry Pilots, currently leading the Little Six with a 5-0 record, will be at Valley where coach Bill Emerson's Vikings are riding one game out of first place. That lone Viking league loss came at Glenn Ferry.

Card Hurlers to Be Ready for Fast Start

By SALLY HEMUS
(St. Louis Cardinals)

HOUSTON, Tex., Feb. 2 (AP)—My chief aim right now is to get the pitching staff in shape for a good start once the season gets under way. If we do that, I think the Cardinals will make a stronger run for the pennant than last year when we finished third.

Some of our pitchers started off poorly in 1960. In addition, Bob Miller had to undergo an operation and was lost for almost the whole season. This was one of the big reasons why the St. Louis club remained in the second division for almost the first three months.

We were fortunate in signing Curt Simmons and bringing up Ray Sedecki from the minors. They'll be back again and together with Ernie Broglio, Larry Jackson, Al Cicotte and Lindy McDaniel give us a pitching staff with plenty of depth.

I also feel that we will have more hitting. Don Landrum, who came to us from the International league late in the year, showed flashes of being a fine leadoff man and an excellent defensive out-fielder. In fact, we have a wealth of talent in the outfield with Stan Musial, Walt Moryn, Bob Neiman, Joe Cunningham, young Charley James and Curt Flood.

The infield looks set with Bill White at first, Julian Javier at second, Daryl Spencer at short and Ken Boyer at third.

Hal Smith will handle the catching. He'll be backed up by Carl Sawatski and one of two rookies, Charlie Cannizzaro or Tim McCarthy.

The team to beat in the National league is Pittsburgh. The Pirates definitely helped their club by getting Bobby Shantz from the Yanks. Milwaukee is always dangerous. I've always felt that San Francisco has more stars than most clubs and Alvin Dark, the new manager, figures to make them work together.

Burgess Hikes Point Average In Northwest

By The Associated Press

Leave out Frank Burgess of Gonzaga and the Northwest 34-point basketball scoring race is a sizzler—but who would have any desire to leave out Burgess?

Gonzaga's sharpshooter, praised in California as one of basketball's finest all-time sharpshooters, has increased his average to 32.39 points per game—a pace not even matched by Elgin Baylor in his heyday at Seattle university.

A later-day Seattle star, Dave Mills, is trying to uphold school scoring prestige with a 20.1 average, good enough to head the list of the clubs taking a hand in bringing an end to discrimination against Negro players."

In St. Louis, Bing Devine, the Cards' general manager, said, "We have a problem there. We recognize that it is highly desirable for all players to stay together, but we don't make the rules and regulations for the various localities."

Many Negro major league players are reported to be unhappy over conditions in Florida where they are barred from certain hotels and restaurants.

Howard was quoted by Milton Gross, columnist of the New York Post, as saying:

"I want to bring my family to training, just as the other Yankees, but I can't make plans until I get down there and see what kind of house I can rent. The other players can rent them from an agent in advance, but I can't. It's not pleasant."

The veteran Yankee catcher was reported en route to Florida from his Teaneck, N. J., home.

OLYMPIANS ENTER MEET

NEW YORK, Feb. 2 (AP)—Twenty-four Olympians from six countries have been entered in the Millrose Games at Madison Square garden Friday night.

PALM BEACH, Fla., Feb. 2 (AP)—Ingemar Johansson buffeted two opponents Wednesday as he ended a two-day layoff in training for his reconquest of the world heavyweight crown.

The Swedish fighter concentrated on throwing left-hand punches at Joe Esposito, 105, Brooklyn, N.Y., and Tony LaQuatra, 100, Pittsburgh, in two-round sessions. He'd do five miles road work and punched light and heavy bags.

Declo Has Championship Credentials For Last Half of Southside Season

Defense, free throws and three men hitting in double figures are the championship credentials presented by the Declo Hornets at the midway point of the Southside conference championship race.

The Hornets, who are undefeated after half the 10-game league slate, hold a two-game edge on the rest of the field. Although short not having a man over six feet tall on the starting five, Declo has turned in working zone defense into good rebounding plus a strong 42.8 allowance to opponents.

Declo played last weekend without its top gun, Larry Wardle, who sat out with a neck injury, but two other men filled the bill in that game against Castleford and jumped into the top 10 in scoring.

It has been a bad week for leading scorers in the league. Wardle may be limited to spot service this weekend after missing his game last week; Castleford's White Dorie, another top 10 man, was weakened by flu and

Yanks Move to Break South Segregation

NEW YORK, Feb. 2 (AP)—The New York Yankees moved Wednesday to crack the segregation barrier at their St. Petersburg, Fla., baseball training camp and put all their players "under one roof." Howard, Lopez and Gonder mean as much to our ball club as any other ball

player," said Dan Topping, Yankee president, in a formal statement, "and we would like very much to have the whole team under one roof."

The references were to the Negro players on the New York roster—catcher Elston Howard, outfielder Hector Lopez and rookie pitcher Jesse Johnson.

Topping's statement came after a leading St. Petersburg Negro, Dr. Ralph Wimbish, had urged the Yankees and St. Louis Cardinals to help end segregation in hotels and restaurants in the Florida city.

Wimbish, chapter president of the National Association for the Advancement of Colored People, said, "It is time the management of the clubs takes a hand in bringing an end to discrimination against Negro players."

In St. Louis, Bing Devine, the Cards' general manager, said, "We have a problem there. We recognize that it is highly desirable for all players to stay together, but we don't make the rules and regulations for the various localities."

Despite absorbing their second league loss, the Castleford Wolves stayed on top offensively with a 58.4 average. The Wolves also have been charged with the most fouls—104.

Dorie moved ahead in the free throw race with 22 conversions in league play and 43 for the year. Raft River's Pusket has racked up 23 league fouls while Murtaugh's Syverson has 48 overall. Raft River maintained its team free throw shooting edge with a .760 percentage but Declo moved into second place and is challenging.

Fernandez Is Named for Boxing Award

PROVIDENCE, R. I., Feb. 2 (UPI)—Cuban Florentino Fernandez Tuesday was named boxer of the month by the National Boxing association and given a middleweight trophy for his decisive triumph over Rory Calhoun.

The 24-year-old Cuban, who was ranked sixth among the welterweights a month ago, stopped Calhoun, former middleweight contender, in the eighth round last Saturday night. Fernandez was placed ninth among the 100-pounders.

Although the NBA recognized Gene Fullmer of West Jordan, Utah, as middleweight champion, it cited Paul Fender of Brookline, Mass., for his seventh round technical knockout of Britain's Terry Downes on Jan. 14. Fender is recognized as champion in Massachusetts, New York and Europe.

Despite the defeat, Downes, the British champion, was promoted from fifth to fourth among the contenders.

Archie Moore, who was stripped of his light heavyweight title by the NBA, was ranked seventh among the heavyweights. Alex Miteff of Argentina was dropped out of the heavyweight rankings because of his suspension in Cleveland over a contractual dispute. He had been ranked seventh.

Women Start Organization of Hospital Guild for Minidoka

RUPERT, Jan. 31 — A group of Minidoka county women met on Thursday afternoon at the Memorial hospital to formulate plans for organization of a Hospital guild here.

Mrs. E. H. Elmore acted as temporary chairman and introduced Mrs. Wayne Schow and Mrs. Claude Detweller, president and past president of the Twin Falls Hospital guild.

Mrs. Detweller explained the guild and answered questions concerning the formation of a unit. Projects and duties of the "pink ladies" were outlined by Mrs. Schow.

Mrs. Detweller told the group that the guild, when functioning properly, serves as a public relations department for the hospital administration.

Mrs. A. F. Dailey was selected by the group to serve as chairman until an organization could be effected. A meeting for all

Henry Relates Some Things About Italy That Please Him

By HENRY MCLEMORE

ROME, Italy Please, will you let me tell you a few of the things which please me in Rome?

Michelangelo's Pietà in the first chapel of the right nave in St. Peter's.

Any festival day in the Trastavere section, where the more Roman of all the Romans live.

The crisp, bubbly, small pizza appetizers at Pasquino's setto's.

The puppet shows on Sunday afternoons in the Villa Corsini atop Janiculum hill,

with the shouts of the bambini and the sweeping view

of all Rome. The chestnut vendors huddled over their braziers on the cold winter nights.

The wandering olive sellers.

The raw courage of the splendid traffic cops at Piazza Colonna and Piazza Venezia, who stand as firm

**Adult Classes
Start Tuesday
In Buhi Area**

BUHL, Feb. 2—Classes in adult education are being offered at the Buhi High school with an organizational meeting to be held at 8 p.m. on Wednesday at the school. Mrs. Pauline Haskins, superintendent, will preside. The meeting night was announced for Monday, but has been changed to Tuesday.

Courses will be available which will deal with how the individual can better understand himself and ways of making personal adjustments necessary for the family and the individual. There will also be a course in child psychology, which will deal with the individual and his relation to other people, group behavior, social pleasures and the influence of outside influences.

A class in juvenile delinquency also will be included. This course would cover factors contributing to delinquency and methods of preventing delinquency. General Goodwill, chairman of the school, will conduct classes on the subject.

Other courses to be offered include: a workshop to be directed by Mrs. B. Bell, industrial arts teacher; physical education, under direction of Erma Callies, and a commercial class which will include a beginning typewriter, first aid bookkeeping and beginning shorthand, to be directed by Mrs. Helen Dietz.

Two classes in sewing will begin Tuesday. Mrs. Charles Latham, sewing and those enrolling must have completed beginning sewing before taking this class.

Mrs. Fred Walmsley will conduct a class in tailoring and those enrolling in the course must have completed the advanced clothing class.

A minimum enrollment of 20 persons in a class will be required before the course can be offered. Enrollment report is due by Feb. 15.

Persons unable to attend the meeting and wishing to take one of the courses offered, may register by contacting the superintendent's office. Registration fees of \$10 per class, or \$40 per month during the registration period, must be paid in advance of the class starting date.

Engelking says these fees will cover instructors salaries only and do not include materials or supplies necessary for each class will be in addition to the registration fee.

Charles F. Brundt, author and inventor of the fire light, was born on an Ohio farm in 1892.

Burley Pupils Make Display

BURLEY. Feb. 2—Window displays are now being made by members of the Burley high school Distributive Education club of America (DECA), states Matt Warr, faculty instructor.

Three members of the class have completed a Valentine window display using one of the windows in the school hallway. The students are Wanda Friedrich, Shari O'Guillen and Mark Higgs. Five other displays will be made by other members of the class using the same theme. The next one will use clothing whereas the present one used valentines and party decorations, he explains.

The class of 10 will attend the state meeting of the DECA organization March 11 in Boise and will enter in nine different contests. One will be in window display. Last year the class had a winner in this division in the national contest, which was the first national winner for Idaho, Warr states.

Raines Jones is president of the local group and vice president of the state DECA. She plans to attend the national DECA convention in Chicago in April, and the class has any winners in the state contests they will be eligible to enter the national competition, Warr explains.
